ORDER

BE IT REMEMBERED on the 23rd day of January 2003 the Court reviewed the file in the above-styled cause, specifically Plaintiff's Motion for Turnover [#33] and brief in support thereof [#34] and the Defendants' opposition [#38]. Having considered the motion, response, case file as a whole and the applicable law, the Court enters the following:

On November 26, 2002, the Court entered a judgment in this case awarding the Plaintiff damages in the amount of \$1,019,250.00, plus postjudgment interest, \$250,000 in punitive damages, \$19,000 in attorney's fees and all costs of suit. The Defendants have filed an appeal, but no supersedeas bond has been filed, so a writ of execution can issue.¹ The stock that is the subject of Plaintiff's Motion for Turnover is an asset subject to execution by the United States Marshal Service to satisfy the judgment, notwithstanding the Defendants' arguments. Accordingly, the Plaintiff may obtain a writ of execution from the Clerk of the Court, and the Court orders the Defendants to execute the necessary documents to assist the United States Marshal Service in obtaining possession of the stock in accordance with the writ of execution.

¹ While the Plaintiff may obtain a writ of execution, execution on a subsequently reversed judgment may create liability.

IT IS ORDERED that Plaintiff's Motion for Turnover [#33] is DENIED.

SIGNED this the 23rd day of January 2003.
